

Outplacement Services

Is your organisation concerned about the negative impact of redundancies?

Do you want to maintain your reputation as an Employer of Choice?

Prospect Group's Outplacement service is designed to provide all the support and practical assistance an individual requires when facing redundancy.

The benefits of providing outplacement services to staff faced with redundancy are substantial as it:

- Assists employees to deal with redundancy
- Sends a message to the remaining employees and the community that your organisation is responsible and caring
- Enables your company to downsize with dignity
- Reduces the chance of being faced with separation related litigation

Our standard package focuses on providing practical advice and support at the time your staff need it most. The program is carried out in a step by step process for both individuals and groups and includes:

- Initial counselling session and support
- Psychometric assessment and career profiling
- Discussion on future career paths and prospects, strategies in job search techniques, efficient use of recruiters, networking and use of social media
- Resume preparation and interview coaching
- Finalise action plan for job search
- Ongoing job search assistance and support

The outplacement service is competitively priced from \$1,850 +GST.
